Michele, it looks permit-ready. When you and David finish with the final wording, let's be sure to retain the language for future use.

George

Michele Dermer---07/15/2010 02:06:10 PM---Hi George and David, Thanks for your comments on the docs from C6. I have modified the draft permi

Hi George and David,

Thanks for your comments on the docs from C6. I have modified the draft permit language to reflect your suggestions. I am going to leave the application wording alone since it belongs to them but I have modified the permit language (see attached). Can you and David take a look and give me any comments? I used redline for the changes I am proposing.

I am okay with including this language in the draft permit and then approving the tests based on the plans to be submitted in accordance with the permit conditions as now written.

Michele

Michele,

Please disregard my previous attachments and accept the ones in this e-mail. I have sent the un-edited ones in a hurry to fix the problem of attachments.

Regards

Robin Ozah
